

International Women's Day

International Women's Day was celebrated by honoring the teachers of our school, who are truly the soul of the institution. The celebration recognized their dedication, strength, and invaluable contribution in shaping young minds.

Earth Day

Our students celebrated Earth Day by planting trees and taking a step towards environmental responsibility. Extending their efforts beyond the school campus, they contributed to community spaces, promoting awareness and care for the planet.

Our students celebrated STEAMisphere as a grand exhibition showcasing STEAM-based projects inspired by different continents. The event highlighted global learning, creativity, and innovation as students presented their ideas with confidence and enthusiasm.

International Yoga Day

International Yoga Day is celebrated every year on **June 21** to raise awareness about the many benefits of yoga for physical, mental, and spiritual well-being. **Promotes a healthy lifestyle:** Yoga helps improve flexibility, strength, and overall fitness.

World Autism Awareness Day

On World Autism Awareness Day, we invited a guest lecturer to guide parents on understanding and supporting neurodivergent children. The session fostered awareness, empathy, and practical strategies for inclusive parenting.

WORLD HEALTH DAY

The school enthusiastically observed World Health Day through a special morning assembly. The presentation highlighted the importance of maintaining a healthy lifestyle, focusing on physical fitness, balanced nutrition, hygiene, and mental well-being.
